

SEMINARS

FRIDAY MARCH, 10th 12.00 pm

Miguel Soares

Instituto Gulbenkian de Ciência, Portugal

IMI, Salle de détente

Rue A. Bolland 8, 6041 Gosselies

« Metabolic adaptation as a defence strategy against infection »

Invited by Alain Lemoine, IMI

FRIDAY MARCH, 17th 11.30 am

Yvan Matic

Université Paris Descartes

IBMM, Auditoire BRACHET

Rue Jeener et Brachet 12, 6041 GOSSELIES

« Induction of the hormetic stress response by of subinhibitory concentrations of antibiotics in E. coli »

Invited by Laurence Van Melderen, Pôle Microbiologie Moléculaire

FRIDAY MARCH, 24th 11.30 am

Pierre Gaspard
ULB

IBMM, Auditoire BRACHET
Rue Jeener et Brachet 12, 6041 GOSSELIES

« *Theoretical advances on the kinetics and thermodynamics of molecular machines and DNA replication* »

Invited by Muriel Moser, Pôle Immunobiologie

TUESDAY MARCH, 28th 12.00 pm

Matthias Eberl
Cardiff University, UK

IMI, Salle de détente
Rue A. Bolland 8, 6041 Gosselies

« *Local unconventional T cell responses: protection versus tissue damage* »

Invited by David Vermijlen, Department of Pharmacotherapy and Pharmaceutics

FRIDAY MARCH, 31th 11.30 am

Matthieu Defrance
Interuniversity Institute of Bioinformatics in Brussels
Computer Science Department, ULB

IBMM, Auditoire BRACHET
Rue Jeener et Brachet 12, 6041 GOSSELIES

« *Exploring the Epigenome Numerically* »

Invited by Muriel Moser, Pôle Immunobiologie
